### COMMUNICATION

- ✓ Taking communication of **Medication Management Status** of the hospital to the next level, me along with my team periodically collected the details of issues and reported the HODs of medical departments through emails, thereby improved the attention towards the issue and minimized the downsides of verbal communication.
- ✓ Adopted the process of **Digital Documentation of queries** pertaining to Clinical Pharmacology service and thereby minimizing communication time in future.
- ✓ Established good communication with fellow staff and other healthcare providers, thereby improving the **coordination in patient care**.
- ✓ Educate patients about their prescriptions for **better compliance of the treatment**.
