Projects Completed

In Degree 2014 (Major Project)

Name: Automated Survey analysis system

Year: 2014 Semester VIII

Description:

Automated Survey Analysis System focuses on analyzing the surveyed information through a mobile. This project also enables surveyor to record survey on mobile instead of using papers. Then when there is availability of network he will be able to upload that information on server.

Team Size: 4

Lang. Used: Java, ASP.net

Software Used: Microsoft Visual studio, MySQL server, NetBeans JDK
