## Academic Projects During Graduation

### Project I

- To study the preferences of families in Akola district towards real estate investments among the various investment options like gold, mutual funds, equity shares, fixed deposits, fixed assets, etc
- A well structured questionnaire (in English & Marathi language) was prepared as a part of exploratory research and for collecting primary data & paired comparison method was used to judge preferences

### Learnings:

- Majority of respondents preferred to invest in fixed assets followed by fixed deposits, equity shares, gold and mutual funds respectively
- People likely to invest more in real estate for business purpose rather than personal residence purpose

### Project II

- To do the Critical Analysis of Akola Urban Co-operative Bank Ltd. And study bank’s position in market based on important parameters like number of customers bank have, innovative products, customer and employee satisfaction

### Learnings:

- Employee satisfaction plays very important role in customer satisfaction
- An organisation may be old or new must consider the market requirements, customers demand and self ability to fulfil those requirements. Initiatives on the part of employees as well as management helps in growth and development of organisation

### Professional Achievements

- Hosted L&T Hyderabad Metro Rail Project Sports Tournament 2015 for employees
- Formulated and implemented method to save upto Rs. 6000/- per month of L&T on food expenses
