

**MS. POONAM DILIP BODAKE**

**Mobile: +91 9762810024**

**E-mail: poonam123bodake@gmail.com**

## **SUMMARY**

- Currently working as a **Senior System Engineer** at **Infosys Limited**, almost 3 years of IT experience with an outstanding track record.
- Proficient working with all stages of project including Requirements gathering, Design Specifications, Development, Deployment and Support.
- **Almost 3 years of experience working with Microsoft .Net Technologies.**
- Expertise in **Web app development using ASP.Net MVC, C#.**
- Strong analytical, debugging and communication skills and have good understanding of business processes in **Engineering domain**

## **SKILL SET**

### **FUNCTIONAL**

- Requirement Definition
- Software Design and Development
- Effort
- Coding, Testing and Validations

### **TECHNICAL**

|                              |  |
|------------------------------|--|
| <b>Programming Languages</b> | C#, HTML5  |
| <b>Web Technologies</b>      | ASP.Net, AJAX, WCF, Web Services, CSS, Bootstrap, LINQ |
| <b>Scripting Language</b>    | JavaScript, JQuery                                     |
| <b>Database</b>              | SQL Server 2005/2008, MySQL                            |
| <b>Web Servers</b>           | IIS 6.0, 7.0, 7.5                                      |
| <b>Tools</b>                 | Visual Studio, TFS                                     |
| <b>Architecture</b>          | MVC, N-Tier, Entity Framework                          |
| <b>Domain</b>                | Knowledge Based Engineering                            |

## **EMPLOYMENT CHRONICAL**

|                         |                       |                 |
|-------------------------|-----------------------|-----------------|
| Senior Systems Engineer | Oct 2015 to till date | Infosys Limited |
| Systems Engineer        | Aug, 2013 to Sep 2015 | Infosys Limited |

## **CERTIFICATIONS**

- Infosys Certified ASP.Net, Web services and AJAX
- Infosys Certified C#, ADO.Net and Microsoft SQL

## **ACHIEVEMENTS**

- Got ENG Pinnacle Edison Award for Data Analytics work
- Appreciation for excellent performance from client
- Got SPOT Award in June, 2015

## PROJECT DETAILS

**Name of the Project:** Cost Analysis Web App

**Oct 2014 to till date**

**Client:** Hitachi

**Languages/Tools Used:**

C#.Net, ASP.Net MVC, Linq, SQL Server, Entity Framework,  
WCF, JavaScript, JQuery, CSS, Bootstrap, HTML5, HighCharts

**Synopsis:**

The objective of this project is to calculate manufacturing cost of different parts using top down and bottom up approach.  
Represent analysis data in different forms of graphs, plots.

**Achievements so far:**

- Developed Dashboard in MVC using High charts
- Developed dynamically updated table structure in MVC using JQuery and JSON

**Responsibilities in this project:**

- Discuss and gather user requirements from business analysts.
- Analysis, Estimation and design of the project.
- Responsible for the implementation and unit testing.
- Responsible for integration of modules and bug fixing.
- Provide technical guidance to other developers to complete work tasks, assignments.

**Name of the Project:** KM-Analysis and Automation

**Aug 2013 to Sep 2014**

**Client:** Boeing

**Languages/Tools Used:**

ASP.Net, VB.Net, C#.Net, VBA, MS Access, ADO.Net

**Synopsis:**

The objective of this project is to find weight and phase information for engine balancing. This project is to perform data analysis and statistical analysis. It also involves mathematical computation on data.

This project also works for tool integration and provide desktop and web applications with rich UI

**Achievements so far:**

- Developed Desktop based application for integrating four different analysis tools with Rich UI.
- Developed Web based application in ASP.Net to for integration of different tools
- Developed application for Sensitivity Computation in C#.

**Responsibilities in this project:**

- Discuss and gather user requirements from business analysts.
- Analysis, Estimation and design of the project.
- Responsible for the implementation and unit testing.
- Responsible for integration of modules and bug fixing.
- Provide technical guidance to other developers to complete work tasks, assignments.

| ACADEMICS |                |             |   |
|-----------|----------------|-------------|---|
| Year      | Class          | Aggregate % | University/College/School                           |
| 2011-12   | B.E (Computer) | 67.73       | Cummins College of Engineering<br>(Pune University) |
| 2008-09   | Diploma        | 85          | Government Polytechnic,<br>Pune                     |
| 2005-06   | SSC            | 86.66       | Maharashtra Board                                   |

| PERSONAL DETAILS  |  |
|-------------------|--|
| Name              | Poonam Dilip Bodake  |
| Date of Birth     | 15 <sup>th</sup> September, 1990                                 |
| Languages Known   | English , Hindi, Marathi   |
| Permanent Address | House No:210, Sr. No.16/24B,Gondhalenagar, Hadapsar, Pune-411028 |
| Passport          | Yes  |

Date: - \_\_ / \_\_ / \_\_\_\_

Place: - Pune
