CAREER OBJECTIVE

Seeking a challenging opportunity with an organization which recognizes my potential; while nurturing my analytical and technical skills.

PROFILE

- B.E.(Mechanical Engineering) from Institute of Technology and Management Universe affiliated to Gujarat Technological University
- Completed project on “Design of On-board Charging Mechanism for Electric Vehicles”

Technical skills

- Design tools: Creo 2.0, AutoCAD, Inventor
 - Manufacturing tools: SeeNC Turn, SeeNC Mill, CAPSturn, CAPSmill
-

EDUCATATIONAL CREDENTIALS

- B.E. Mechanical Engineering 8.26 CGPA
Institute of Technology and Management Universe
- Higher Secondary (2012), 79.23%
Bright School
- Senior Secondary (2010), 85.54%
Bright School

Project Undertaken

Title: “Design of On-board Charging Mechanism for Electric Vehicle”

Duration: 6 months

Description: The project was undertaken with an objective of increasing the driving range of the electric vehicles.

Extra Curricular Accolades

- Winners at ‘Catapult’ event at annual college fest
- Winners at ‘Contraption’ event at annual college fest
- Participation in GTU Techfest
- Attended the Innovations In Robotics (IIR) held at ITM Universe

Hobbies: Reading novels, writing short stories
