

Dear Madam / Sir,

I am an Architect Currently Working for Bechtel International, on Riyadh Metro Project (Iconic Stations) in Saudi Arabia as Architect Engineer, with 8 Years' Experience. Previously was working with PARSONS International as Architect Inspector on MOH (Ministry of Housing) Project, prior to that with ARH (Ahmad Arashid Al Humaid) Consultants as Supervisor architect on Imama University Educational Projects (12 Institutes spread around the Kingdom), also Worldwide Islamic Centers in China, South Africa, Sweden, Brazil and more as a Supervisor Architect. Prior to that, worked for Omrania & Associates (top leading consultant in Riyadh) as a Junior Architect, Helping in both the Design stage (Concept, Plans, Presentations, 3D Rendering and animation) as well as the Final submission stages (Detailed Cad Drawings). Also gained allot of experience on site with AL HAMAD (the largest contracting company in Jordan and a leading construction company in UAE) as Site Engineer of Finishes Department on Office Tower of a Twin 42 Floors,

In Conclusion I find myself proud to have been very appreciated in both Site and Office work.

Thanking you for your kind consideration.

Regards,

Kamal Sa'ad Al-Dean Al-Aqqad
