Location : Mumbai

OBJECTIVE

To enhance my working capacities, professional skills, business Efficiencies and to serve my organization in best possible way with sheer determination and commitment.

ACEDEMICS

- **Veermata Jijabai Technological Institute, Mumbai, India**   **May 2016**
  B.Tech in Information Technology: CGPI-**6.29/10**

- **Government Polytechnic Mumbai, Bandra**   **May 2013**
  83.48% at the Diploma in Computer Engineering

- **R.G.S English High School, Ulhasnagar 4**   **March 2010**
  88.91% at the SSC Board Examination

PROJECTS

- **Portfolio Website -** I created my own portfolio website using HTML & CSS (2nd year mini Project)
- **Employee Resource Managament System**   -   Diploma Final Year Project
  Employee Resource Management System software is used in Organization where office staff use it to store all salary details of employee in software , and thus no need to maintain big heavy ledgers.
- **Concession Management System** – second year degree project.
  This System was developed to reduce the time required to fill the railway concession form manually. Using this system we have to just enter details of previous pass details, our name ,dob.
- **Location tracking System-** Final year project (currently being workedout on).
  Location tracking System software will be used to trace the location of user who is lost at some unknown Place. and using this system, he/she can send coordinates to emergency contacts using sms or third party app like whatsapp or facebook messenger
- **Java Mini Projects** (Applet- snakes, Swings- Calculator)
- **Billing Software –** Third year mini Project. This software was created for medical retailers for billing of each Product
